BDM Digital –The photobook machine

The BDM Digital was especially developed for the needs of modern photobook manufacturers. It combines the advantages of a classic HÖRAUF casemaker such as longevity and solidity, with fastest change-over and user friendliness.

With the BDM Digital you produce high quality book cases for the premium segment with the lowest waste rate.

The BDM Digital concept is applicable to each of our different types of machines. You have the freedom to choose your ideal machine concept, which perfectly fits your needs.
